Public Service Commission of South Carolina

RE: South Carolina Electric & Gas Company  
Notice of Construction Project

Dear Mr. Terreni:

South Carolina Electric & Gas Company ("SCE&G" or "Company") is required to notify the Public Service Commission of South Carolina ("Commission") "[o]f any construction projects resulting in a cost of \$500,000 or more." See 26 S.C. Code Ann. Reg. 103-412(2.7) (1976, as amended). In compliance with Commission regulation, this letter serves as notification to the Commission that SCE&G is constructing nitrogen injection systems at its two liquefied natural gas ("LNG") plants located at Bushy Park near Charleston and Salley, located in western Orangeburg County and that the project will result in a cost greater than \$500,000. When fully operational the "nitrogen blending" facilities will assist in controlling the Btu (British Thermal Unit) content of gas re-injected into the natural gas pipeline system from the LNG facilities. On-site construction of this project began in December 2008 and the Company anticipates completing construction in March 2009.

SCE&G previously informed the Commission of this construction project in Docket No. 2008-5-G, styled as "Annual Review of Purchased Gas Adjustment and Gas Purchasing Policies of South Carolina Electric & Gas Company."

By copy of this letter, we are also notifying the South Carolina Office of Regulatory Staff of this Company's construction project.

If you have any questions, please advise.

Very truly yours,

K. Chad Burgess
